Fall 2022 CIS 3362 Homework #4 Grading Criteria

1) 8 pts – ½ pt each entry, round down

2) 12 pts – ½ pt each entry, round down

3) 8 pts – 2 pts per each group of 4, must be completely correct to get 2 pts. If in decimal and not converted to binary give 1 pt out of 2.

4) 10 pts – 1 pt for each bit

5) 12 pts – 6 pts for each calculation. 3 pts to get answer in days, 3 more points to convert into all the units

6) 8 pts – ½ pt each entry, round down

7) 4 pts – 1 pt per row, row has to be perfectly correct to get it

8) 10 pts – 2 pts for each box. May award 1 pt for a box if you think it deserves it

9) 8 pts – 2 pts for each term, 2 pts for the final XOR

10) 20 pts – 8 pts for the 03 x calculation, 6 pts for the 02 x calculation. 6 pts for the final XOR
