Summer 2002

## Office Hours
Wednesday 2:30-3:30. Also by appointment. I will try to answer e-mail questions in a timely manner; concise questions are likely to elicit quicker responses.

## Instructions
Please work independently.
Please turn in your work via email to the grader: cop4610ta@yahoo.com
There will be no make up exams, assignments, or tests.

The following question are taken from the class text "Advanced Java 2 Platform: How To Program"

2.3     Modify class WebToolBar (Fig 2.3) to include a JComboBox from which the user can select URLs from the history.

3.4     Create an image viewing application that support drag-and-drop loading of images. When the user drags and drops an image file onto the application window, load that image in an ImageIcon and display the ImageIcon in a JPanel

You are to turn in the java classes and thing else that is necessary to run your program.
Zip everything and send it to the grader.
