

Are you an undergraduate and need a job on campus that schedules your hours around your classes and offers competitive pay?

Are you familiar with the Microsoft Office Suite?

Are you a leader?

Did you take CGS1060 or CGS2100?

If you answered, "yes" to these questions, you should consider becoming a TA for UCF's Introductory Computer Science courses (CGS1060 and CGS2100.)

Many positions available, but hurry because they'll fill fast!

If you are interested or need further information, please e-mail Steven Freund: sfreund@cs.ucf.edu
