

PRVA

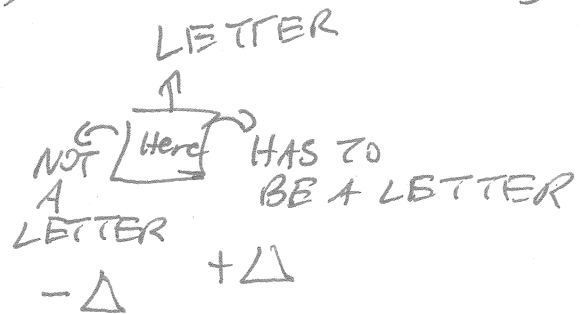

① testing if a word starts

① UKA

O # A #

KUL A

I # A #

Watch out for AOOB
Array out of bounds!
(3 tests)

② BUILD WORD

① → → →
UKA

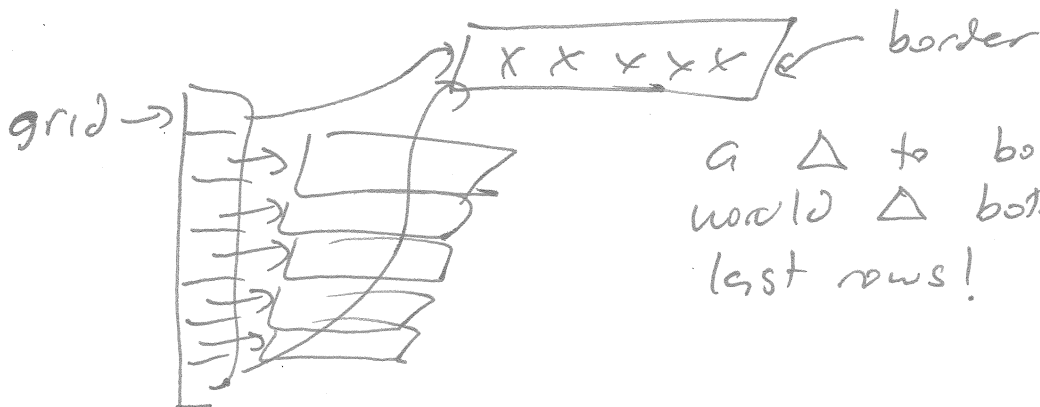

go +Δ until # or out of bounds

#	#	#	#	#	#
#	L	U	K	A	#
#	O	#	A	#	#
#	K	U	L	A	#
#	I	#	A	#	#
#	#	#	#	#	#

Cool trick

build a border

no need to check AOOB

a Δ to border
would Δ both 1st +
last rows!
