

CAP6938-02: Questionnaire

1. What has been your favorite paper to read?
2. What has been your least favorite paper?
3. What papers/topics would you like to see covered in the second half of the course?
4. Has your experience working on the course project been useful to you?
5. Has it been useful listening to your classmates' project presentations?
6. Do you have any suggestions on how to make your project experience more useful/relevant to the rest of your research?
7. Which choice would you prefer: 1) having another exam similar to the midterm one, covering all

the papers in the 2nd half of the course; 2) having regular announced class quizzes (closed-book) covering only 1-2 papers?

8. Any other suggestions on how you would improve the course?
