

CAP 5636 - Homework 6 - due Friday, November 28, 2025

Submit a text file with the requested answers.

P1-1 (1pt)

Write a 200-word essay about Arnie, a human who lives in a **dystopian** future where every household object, cars, buildings etc., can talk and have a very high IQ, but they can not move or perform actions by themselves. They can only perform actions when told to do so by the user.

If you choose to, you can use ChatGPT or other LLMs for this task.

P1-2 (1pt)

In 100 words, explain why this is a dystopian future and why you wouldn't want to live in it. Discuss how likely it is that this is our future.

Do not use ChatGPT or other LLMs for this task.

P2-1 (1pt)

Write a 200-word essay about Bernie, who lives in a **dystopian** future where every household object, car, buildings etc. can take actions anticipating the needs of Bernie. However, the "intelligent" objects are very stupid and make many unpleasant and dangerous mistakes.

If you choose to, you can use ChatGPT or other LLMs for this task.

P2-2 (1pt)

In 100 words, explain why this is a dystopian future and why you wouldn't want to live in it. Discuss how likely it is that this is our future.

Do not use ChatGPT or other LLMs for this task.

P3-1 (3pt)

Write a 200-word essay about Cassie, who lives in a **utopian** future where objects are very smart and can take actions anticipating her needs.

If you choose to, you can use ChatGPT or other LLMs for this task.

P3-2 (3pt)

In 200 words, explain why this is a utopian future and why you would want to live in it. Discuss how likely it is that this is our future. Explain what is the meaning of Cassie's life.
